## BOOK SYNOPSIS

Excerpt from The Design and Advantages of the House of Refuge It is to be looked upon as a school for reformation, not a place of punishment. An Asylum for poverty and helplessness and ignorance, not a prison for malefactors. Its directors are the friends and instructors of its inmates. Instead of being outcasts from society, with scarcely a possibility of return, they are with drawn only for a season, in the trust that by a course of right but not cruel or ignominious discipline, they may be prepared to partake of its enjoyments and even to hope for its rewards. In the mean time the restraint imposed, merely interdicts a fellow ship with the vicious, which could not fail to be disastrous, and substitutes one of a beneficial character. It imposes restraint, for restraint is necessary no less for the good of the subject, than for the security of society.
