BOOK SYNOPSIS

THE INVESTMENT CLASSIC "I've read Market Wizards at several stages of my career as it shows the staying power of good down-to-earth wisdoms of true practitioners with skin in the game. This is the central document showing the heuristics that real-life traders use to manage their affairs, how people who do rather than talk have done things. Twenty years from now, it will still be fresh. There is no other like it." —NASSIM N. TALEB, former derivatives trader, author of *The Black Swan*, and professor, NYU-Poly "Market Wizards is one of the most fascinating books ever written about Wall Street. A few of the Wizards are my friends—and Jack Schwager has nailed their modus operandi on the head." —MARTIN W. ZWEIG, PhD, Editor, *The Zweig Forecast* "It is difficult enough to develop a method that works. It then takes experience to believe what your method is telling you. But the toughest task of all is turning analysis into money. If you don't believe it, try it. These guys have it all: a method, the conviction, and the discipline to act decisively time after time, regardless of distractions and pressures. They are heroes of Wall Street, and Jack Schwager's book brings their characters vividly to life." —ROBERT R. PRECHTER, JR., Editor, *The Elliott Wave Theorist*
