## BOOK SYNOPSIS

In suburban Georgetown, a killer's Reeboks whisper on the floor of a posh home. In a seedy D.C. porno house, a patron is swiftly garroted to death. The next day America learns that two of its Supreme Court justices have been assassinated. And in New Orleans, a young law student prepares a legal brief. To Darby Shaw it was no more than a legal shot in the dark, a brilliant guess. To the Washington establishment it's political dynamite. Suddenly Darby is witness to a murder—a murder intended for her. Going underground, she finds that there is only one person—an ambitious reporter after a newsbreak hotter than Watergate—she can trust to help her piece together the deadly puzzle. Somewhere between the bayous of Louisiana and the White House's inner sanctums, a violent cover-up is being engineered. For someone has read Darby's brief—someone who will stop at nothing to destroy the evidence of an unthinkable crime. From the Paperback edition.
