BOOK SYNOPSIS

Corresponding to the chapters in Health Insurance Today, 5th Edition, this workbook gives you practice with the skills you will need to succeed as a health insurance professional. Practical assignments reinforce the information in the text, and engaging learning activities and exercises challenge you to apply your knowledge to real-world situations. Performance objectives include hands-on, application-based learning activities with practice in areas such as completing claim forms, posting payments to a patient's ledger, filling out "Release to Return to Work" forms, and filling out Medicare appeals. Critical thinking activities strengthen your ability to apply health insurance concepts to a variety of challenging situations. Defining Chapter Terms activities help you review and understand key terms in each chapter. Chapter assessments test your knowledge of text content with multiple choice, true/false, short answer, fill-in-the-blank, and matching questions. Problem solving/collaborative (group) activities emphasize the importance of teamwork in the health care field. Case studies ask you to solve a real-world problem related to health insurance, such as completing a CMS-1500 claim form or explaining how HIPAA could affect someone recently out of work. Application exercises ask you to apply your knowledge and skills to real-world situations. In-class projects and discussion topics enhance your understanding of specific content from the text. Internet Exploration exercises in each chapter help you learn how to perform research online. NEW! Key coverage of new topics includes Medicare, Electronic Health Records, and Version 5010. UPDATED! Additional ICD-10 coding content prepares you for the upcoming switch to the new coding system in October 2015. NEW! Content on Patient Protection and Affordable Care Act ensures you stay current on these significant healthcare system changes.
